**1. Welcome** to the autumn edition of our Newsletter. It has been a difficult summer for most companies involved in the transport sector and even the strongest companies are feeling the pinch of the continued economic difficulties. We have been working hard on our key products to improve efficiencies and supply where possible. One of these steps is preparing to move our whole VAT recovery system online in 2010 with every European ministry. We feel this will be a key development in improving our service and help ensure our position as a market leader for transport services.

## 2. Fuel Card Spain

If you purchase fuel in Spain, you can now benefit from discounted diesel prices, offering generous savings on the pump price in a fully independent network of 60 strategically located sites..

Until now the Servitir fuel card for Spain has only been available to our Spanish fuel customers, so we are now delighted to be able to offer this facility exclusively to existing Servitir customers.

Our extensive network of well located sites ensures you have access to the key fuelling points throughout Spain, including Irun and Figures on the East/West entry points close to the Spanish/French border.

## 3. VAT Recovery - Q3

The 3<sup>rd</sup> Quarter has now passed for your next VAT Recovery submissions.

We have recently sent you our quarterly reminders and envelopes to post these back to us along with your original VAT invoices.

If you require additional envelopes or any other information, then please just give us a call at your earliest convenience.

## In this issue...

1. Welcome Message
2. Servitir Fuel Card
3. Quarter 3 VAT Recovery
4. Product Focus:
  - Non-Personalised
  - Personalised

## 4. Product Focus:

Servitir provide specialist printed solutions for the transport industry at the cheapest prices. Whether you are an international haulier looking for CMR documents or a national operator looking for a consignment note, we have the right solution for you.

Our range of non-personalised CMRs and Consignment notes are fully compliant with industry standards and are of the highest quality. Each CMR has 4 colour coded carbon copies and is also sequentially numbered. The CMRs come in convenient pads of 50 sheets which are glued at the top to ensure convenient storage before and during use.

Create a more professional look by adding your company details and logo to your printed CMRs. Our design team has years of experience and can help you come to the very best design for your company. In addition, your drivers will save valuable time by not having to complete your company details etc each time a delivery is made.
